CUSTOMIZE A CONNECTION WITH RETAIL PRO PAYMENT MANAGER

Prefer to choose your own payment processor? Then our Retail Pro Payment Manager interface partners the freedom of processor choice with the power of PC Charge, an award-winning, industry-leading payment software.

Pre-integrated into Retail Pro POS in partnership with Verifone, and certified with most leading North American payment processors, the PC Charge Retail Pro interface enables payment acceptance from the Retail Pro POS screens for most major credit, debit and gift card programs and certain check service providers using either internet or dial connectivity as supported by your processor.

Retail Pro's Payment Manager also supports connectivity to payment solutions from authorized third party software developers and custom payment processing interfaces.
